Dear Mr. Weisberg,

I recently finished reading *Selections from Whitewash*, *Case Open*, and *Never Again!*, and have only one question. Where have you been most of my life?

Since I was nine years old in 1963, I have maintained, I would estimate, an average interest in the assassination and subsequent activities by picking up a book and watching a program now and again. I remember the first times I saw you on television, maybe the mid or late 1980's, being impressed by the logical and unequivocal nature of what you said compared to what other researchers offered, and wondering why you had never put out a book. I must blame myself for not actively seeking you out in the bookstores. When I realized how the media was never of any help to me, especially in keeping your revelations from the headlines, it made me feel no better.

I am honored but also humbled to be only able to request copies of your other books in the series (or am I so restricted?) that represent so much determination, effort and personal sacrifice. There isn't an American today that couldn't learn something about working national pride from your tireless drive for the truth. Please arrange to have the following titles sent to me, and please let me know what, if anything, an average citizen such as myself can do to assist in your endeavor.

Whitewash: The Report on the Warren Report
Whitewash II: The FBI-Secret Service Coverup
Photographic Whitewash: Suppressed Kennedy Assassination Pictures
Oswald in New Orleans: Case for Conspiracy with the CIA
Whitewash IV: JFK Top Secret Assassination Transcript
Post Mortem: JFK Assassination Coverup Smashed
Martin Luther King: The Assassination
